---

### BlackBerry Configuration

- Bluetooth wireless connectivity enabled (USB Key Edition)
  - Install applications wirelessly
  - Web browsing enabled
- 

### Computer System / OS Requirements

- Windows XP/Vista
- 512 MB RAM Minimum
- .Net Framework version 2.0
- USB 1.1 or 2.0 Port
- Local administrator permissions
- Installation of the BlackBerry Desktop Manager 4.3 (or newer) or BlackBerry USB and Modem Drivers 4.3 (or newer) to connect to Bayalink Liberty using a USB connection

*Note: Administrator privileges are temporarily required for first time installation of the Bayalink Liberty USB Driver and the Microsoft .Net framework 2.0. Once these are installed, this permission is not required to operate the Liberty solution*

---
